

BROADWAY PLANS MAY BE ALTERED

Proposition Laid Before Council Tonight

City Solicitor Campbell Will Recommend Commission to Revise Charter.

TO OPEN WEST END STREET.

Another round will be had with the Broadway sidewalk ordinance in the board of councilmen tonight, when the proposition of Mr. Bradshaw to accept 50 cents the linear foot is laid before the councilmen. The ordinance recently passed, provided for sidewalks at the present width of the street, making it narrow between Fifteenth street and Fountain avenue. If the terms proposed are accepted the city will purchase a strip sufficient to make the street the same width all the way out.

Charter Amendment.
City Solicitor Campbell will submit a recommendation to the board of councilmen to appoint commissioners to meet with representatives from the other three cities in the second class for the purpose of revising the charter and submitting the revised charter to the next general assembly for amendment. His communication will give his reasons for the revision.

To Open Street.
A petition for the improvement of the western extremity of Monroe street and the opening of Eighteenth street, will be presented to Mayor Yelzer. It is signed by a number of residents of the west end.

FELL UNDER HORSE.

When Broad street was reached and the horse struck the bricks it slid and fell. Bolton was unable to jump off and was caught in the fall. Drs. J. S. Trontman and C. M. Sears were summoned and taking the man to their office found him to be suffering from bad bruises and a dislocated left ankle. He regained his senses shortly and was taken to a relative's residence.

DREAMY EXPERIENCE

Had Excursionists From Cairo To Paducah Yesterday.

The steamer "Louisiana" ran an excursion from Cairo to Paducah yesterday arriving early in the afternoon with several hundred people aboard. The rain interfered with the excursionists' pleasure here, and many did not leave the boat. A number of those from Cairo took the early evening train back. Those who boarded the boat at way landings stuck to the boat. The Louisiana did not get into Cairo until 5 o'clock this morning on account of delays at Grand Chain.

Palmer Transfer company agents distribute them on the through trains. Thousands of out of town people are reached in this way. Cards and attractive little tracts are on file at the Commercial club, which people are invited to call and secure, to inclose in their business letters.

PLENTY OF TIME FOR NOMINATION

Paducah Republicans Seem to be in No Hurry

All Are Watching Progress of Democratic Disorganization in This City.

STATE CONVENTION IS NEXT

Probably not until after the state Republican convention June 19, will the city convention be held. At least, this seems to accord with the sentiment of the party generally in Paducah.

While Kentucky Democrats are sore over the throw down given Jo Blackburn and Senator McCreary in turn, and Paducah Democrats are split, dissatisfied with the result of the primary campaign, there never before was manifested so much harmony of spirit in the Republican ranks, not only in this city, but in the state. It is this feeling that prompts the local party to wait until after the state ticket is made up to make the selection of city candidates.

In the meantime everybody is studying the situation. There seems to be no one settled upon but Colonel John Doran for city treasurer. The gain, and the ticket will be probably strongest men to win with is the sloth the best ever presented for the consideration of the voters of Paducah. While the Republicans are watching developments there seems to be no end to the Democratic scrap.

NO MORE SMALLPOX CASES ARE REPORTED THIS WEEK

No new cases of smallpox have been found by Health Officer Dr. W. T. Graves since the last one Saturday. The Lee school did not open this morning and will remain closed for the remainder of the week, at the least. Dr. Graves does not know when it will be safe to allow the pupils to assemble again but thinks that by next Monday evidences of a spread will be seen in new cases or the danger will be past.

Parish Meeting.

The annual parish meeting of Grace church congregation will be held tonight at 8 o'clock in the parish house. Reports for the past year and election of the vestry for the coming year will be the order of business.

PROFITABLE WAS PENNSY CAPITAL

Five Hundred Percent Realized by Contractor Sanderson on His Deal—Several Will be Prosecuted

STEAL RAN INTO MILLIONS.

Pittsburg, May 6.—Civil and criminal suits will be brought by Attorney-General Todd against all those in any way responsible for the ante capital scandal. The suits will be based on the testimony which showed that the contractors collected from the state for 752 thermostats and installed only 363, and that they substituted domestic for baccarat glass and an inferior glass for Tiffany faville.

J. H. Sanderson & company, general contractors; J. M. Huston, architect for the building commission, and J. H. Schumacher, former superintendent of grounds and buildings, are among those involved.

The testimony shows that while the more elaborate of the \$2,000,000 worth of lighting fixtures was to be mercurial gold, the bulk of those installed were merely lacquered, the latter process costing one-tenth the price of the former.

The reports of the experts will show that the measurements of the parquetry flooring, painting and decorating and other fittings were falsified, and that the contractor's profit on the \$2,000,000 metallic furniture was 500 per cent. It is estimated that Sanderson's profit on the \$3,556,785 paid him for the furnishings was \$3,500,000.

CENSUS PADDED BY ENUMERATORS

Explanation Offered to Account for Falling off in Scholastic Population, According to This Year's Figures

SOME CHILDREN OVERLOOKED.

Unintentional padding of last year's school census is responsible for the falling off in this year's census, according to the enumerators, who took the census this year, and not a decrease in population or loose work, as at first thought responsible. When the enumerators took the census last year, they included a number of children, about a hundred, say the enumerators, who should not have been counted. The law says a child should be 6 years old on the first of July to be counted as at the school age. Unintentionally, the enumerators counted the children of school age, whose birthdays came within the year and not before July 1. This year the enumerators followed the law strictly, they claim.

However, a number of children were not counted in this year's census who are of school age, and with the ones wrongly counted last year, will account for the falling off. Making all allowances, the census should show Paducah about at a standstill in child population. It is estimated.

Will be Completed in Few Days and Tabulated by County Superintendent Billington--Returns From Meeting

EXAMINATIONS AT LONE OAK.

S. J. Billington, county school superintendent, has returned from Bowling Green, where he attended the annual convention of county superintendents, of the western normal district. There were 31 in attendance and the meeting lasted through Thursday and Friday. It was interesting, education in counties being discussed thoroughly.

All school districts in McCracken county have been canvassed by census enumerators but two, the Forty-first and Sixth districts. These will report to the county superintendent this week. Superintendent Billington reports a slight decrease in the census from last year.

The last examinations for county graduates will be held Friday and Saturday, May 10 and 11, at Lone Oak, and a large class is expected to be examined.

FLOATER FOUND IN OHIO RIVER

Lying Stark Upon Sand Bar Across From Metropolis, But in an Advanced State of Decomposition

CORONER WILL HOLD INQUEST.

The body of an unknown man lies badly decomposed on a sand bar on the Kentucky side of the Ohio river about 12 miles below Paducah. Coroner Frank Baker will go to Metropolis this afternoon and locate the body, reports relative to its exact location being confused. Yesterday afternoon a telephone message was received from Justice Dick Knott, of the Ragland district, by Coroner Frank Baker. Several fishermen had reported to the magistrate of the finding of the body. It lies on a high sand bar, doubtless where it has laid since the last fall of the river. The only clothing on the corpse are socks, and the flesh is so badly decomposed that it is impossible to tell whether it be a white or negro man. Coroner Baker will bury the body in Kentucky and will also hold the inquest at the place of finding.

This afternoon Coroner Baker received a telephone message from Ragland saying that the body was located five miles below Metropolis.

ROBBERS' VICTIM SERIOUSLY HURT

Fred Oswin is Found in Room With Skull Fractured

Money Stolen From Him By Whoever Beat Him Unconscious With a Blunt Instrument.

MYSTERY ON THIRD STREET.

With his skull fractured from a blow with a heavy instrument, Fred Oswin, 30 years old, was found this morning at 7:30 o'clock in his room over the Glad Hand saloon, 110 South Third street, by John Mitchell, the colored porter. Robbery is the only theory of the affair, as Oswin had about \$100 with him Sunday night. It is thought that he was slugged and robbed somewhere out in the city and that he wandered back to his room in a dazed condition.

Oswin was to have opened the saloon for business early this morning, but when Edgar Harvick, the proprietor, arrived at 7 o'clock, the saloon had not been opened. He thought Oswin had spent the night at his old rooming place over the Wagner saloon on South Second street. Movements as of some one stirring upstairs caused Harvick to send the porter up to investigate. Mitchell, the porter, found Oswin sitting on the edge of the bed and he asked Mitchell several incoherent questions and in endeavoring to rise, fell back on the bed. Harvick then went upstairs and saw Oswin fall back unconscious from a standing position.

On the floor near the door was a pool of blood, indicating that Oswin either had fallen there on entering the room, or had been struck at the door by the robber. His clothes were placed around the room in order and as it with care, which gives substance to the theory that he was struck after he was in his room. Drs. B. L. Bradley was summoned and found Oswin had received two blows, one on the forehead and one on the cheek, apparently with a blunt instrument.

Examination failed to find any trace of the \$100. Of this amount \$50 was money of the saloon, and the remainder was Oswin's money. Oswin was to keep the money until this morning to use in the early morning trade.

Allice Liles, who rooms across the hall from Oswin, said that she was in her room all night, not having gone out at supper, and does not remember of hearing anyone go in and out. To get to his room Oswin would have to pass her room. Nothing was disarranged in the room to indicate a struggle. Oswin murmured when found this morning, "It's gone," presumably speaking about the money. When Dr. Bradley reached him at 7:30 o'clock, he was semi-conscious. Harvick, proprietor, does not know anything of Oswin's movements after leaving him Sunday afternoon.

At 10:30 o'clock Oswin was removed to the Riverside hospital.

His Room Searched.

A later search of Oswin's room this morning discovered \$19.61 under the mattress of the bed. Nine dollars and forty-five cents were in a sack and the rest was in a pocket-book in bills. His watch was lying on the washstand with his key to the door. This leaves \$80 unaccounted for. The police are working on the case.

Fred Oswin has lived in Paducah off and on for several years. It was reported several months ago that he came into a large sum of money from European relations and for months he traveled over the country extensively. Edgar Harvick had employed him a few days ago to work in the saloon while he took a trip.

After an operation at Riverside hospital, surgeons stated that Oswin will recover. He could speak, but does not remember about the assault.

Oswin figured in the newspapers some time ago, by falling heir to a legacy in England, and being robbed in Philadelphia while on his way to claim it.

\$5,000 in "Peter's Pence."

Rome, May 6.—Pope Plus received today in private audience the Right Rev. Joseph J. Fox, bishop of Green Bay, Wis., who presented his holiness with \$5,000 in "Peter's Pence."

STOP WOMAN AND CONSIDER

First, that almost every operation in our hospitals, performed upon women, becomes necessary because of neglect of such symptoms as backache, irregularities, displacements, pain in the side, dragging sensations, dizziness and sleeplessness.

Second, that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has cured more cases of female ills than any other one medicine known. It regulates, strengthens and restores women's health and is invaluable in preparing women for child-birth and during the period of Change of Life.

Third, the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time being published by special permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Lydia E. Pinkham's Vegetable Compound

For more than 30 years has been curing Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and Organic Diseases, and it dissolves and expels Tumors at an early stage.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass., for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham in advising. Thus she is especially well qualified to guide sick women back to health. Write today, don't wait until too late.

A Woman's Paradise.

It is a fact that a dry goods store is a happy part of a woman's life. Watch them come, each with a little purpose in her heart, or some fancy to satisfy, or some dear anxiety to dispel, like blossoms in a garden, fluttering here and there, now at this counter and now at that, picking up a piece of lace here or a ribbon there, or a soft texture yonder and throwing out a dainty question everywhere as she goes on and on. Isn't it a vision? As the tides respond to the moon, so does the dry goods store to the woman. Either is the fulfillment

of the other. They began in the garden long ago. It was a greater evolution than Burbank ever directed—this developing of a fig tree, into a dry goods store, but the woman did it, and she shall enjoy it until the worlds clash together. — Ohio State Journal.

—A merchant is sure that a poor, or patched-up delivery wagon would not be a good ad. for his store—that a careless window display would be costly. Yet either of these things is a mere trifle compared to a poor advertisement.

WEEK'S EVENTS

BREATHITT CASES WILL BE TRIED IN LEXINGTON.

Three Days' Session of National Association For Prevention of Tuberculosis.

The forecast of important events of the week follows:

The feud which for many years under Breathitt county, an armed camp and resulted in the loss of more than a score of lives, is to have another day in court this week. Breathitt county, however, will not be the theater of justice this time. A change of venue has been obtained for the alleged slayers of James Cockrill, who lost his life in one of the many encounters in that turbulent region and they are to face a jury in Lexington. The trial is scheduled to begin Tuesday when Judge Hargis, Senator Alexander Hargis, Albert Hargis, Sheriff Ed Callahan and Jesse Spicer will be called to answer for Cockrill's death.

Charles S. Fairchild, former secretary of United States treasury, who with George W. Perkins, was indicted several months ago for forgery in the third degree in connection with the so-called "Prussian bond transaction" of the New York Life Insurance company will appear in court in New York to answer to the charge. It is not expected, however, that the case will come to trial before autumn.

Representatives of state and city boards of health and of various organizations formed to combat disease will meet in Washington to take part in the three days' session of the national association for the study and prevention of tuberculosis. A report will be made on the plans for the international congress on tuberculosis which will meet in Washington in 1908.

The National Congress of Mothers will open at Los Angeles Friday.

Play for the women's championship of Great Britain will begin Monday in the Newcastle Links, Ireland. Of the 110 entries, two are Americans, the Misses Harriett S. and Margaret Curtis of Massachusetts. The historical parliament will re-assemble Tuesday.

The historical processions and festivities in celebration of the deliverance of the city from the English by John of Arc May 8, 1429, will take place at Orleans, France, on Wednesday. Because of the decision of the municipal authorities to permit the Free Masons to participate the clergy will not take part and have arranged for a separate celebration at the cathedral on May 12.

Cities to Get New Cardinals.
Rome, May 6.—When the Kerens and Maloney plan of extending the vatican becomes a reality and papal rewards are in order, even though no prelate was directly concerned, Kerens would naturally ask for Glennon and Maloney for Ryan. They would not be refused. To even up the matter geographically, either Chicago or St. Paul would also be included in the list of new cardinals and the Pacific coast in addition.

A New Back For An Old One—How It Is Done in Paducah.

The back aches at times with a dull, indelible feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Follow the example of this Paducah citizen.

Mrs. Silas Jones, of 1143 North Thirteenth street, Paducah, Ky., says: "I have suffered severely with a lame and aching back. At times I felt as though I was barely able to get around and often in the morning I would feel quite dizzy. I had known of Doan's Kidney Pills as my mother had used them years ago, so I procured them at Alvey & List's drug store, and began taking them as directed. They simply did wonders for me in relieving me of my suffering. I feel that I cannot say too much in their favor."

COWS SOLD

OWNER REFUSED TO PAY FINE AND COSTS TO CITY.

It Is Said He Will Bring Authority of City Into Question in Court.

Two cows and two yearlings were sold to A. P. Rouff for \$140 this morning at 10 o'clock at public auction held by Chief of Police James Collins in the city pound. There were several bidders, starting at \$20. The cows were arrested last week and the owner, B. A. Jacobs, refused to pay the city costs and pound fees, preferring that the court order the cattle sold. It is understood he intends to bring a suit against the city which will bring the stock ordinance law into publicity again.

General rains probably will send the river up here though the effect today is hardly noticeable. The river rose only 2 in the last 48 hours, but rising condition in the Cumberland river with rains along the Ohio and Tennessee rivers may give Paducah a high stage. Business on the rivers has been affected by the slack demand among the retail merchants.

The excursion steamer Louisiana with a good crowd arrived from Calro yesterday afternoon and remained at the wharf until 6 o'clock. In Calro as in Paducah, Sunday started out well, but in the afternoon turned into a miserable day. Most of the Calro excursionists remained on the boat during its stay here.

A leak, belloyed to be around one of the pipes, caused the A. J. Beardsley to fill with water Saturday after being let off the ways and the tug had to be pulled out again yesterday. The Beardsley will leave Tuesday of Wednesday for Memphis. Roy Broadfoot will pilot the tug to Memphis.

The Bluespot, a Holcombe-Hayes Tle company, towboat will arrive tomorrow from the upper Ohio river to run out of Paducah after ties.

The Joe Wheeler did not arrive from Chattanooga until today, and will be at Paducah or Joppa until Tuesday at noon before returning on the long trip to Chattanooga.

Stanley Fittrell, formerly third clerk on the Dick Fowler, is now pursuer on the Joe Wheeler.

Fortunately the Dick Fowler and other Paducah packets had no excursions planned for Sunday as the rains would have made them disagreeable. The Dick Fowler left on time for Calro this morning with a good passenger list.

The John Hopkins arrived from Evansville Sunday afternoon and returned at 8 o'clock last night for the same point.

Ray Broadfoot went up on the John Hopkins this trip as pilot in the place of Hugh Crouch, who will be off one trip.

The City of Sallito will leave St. Louis this evening for the Tennessee river, passing here Wednesday.

The Georgia Lee arrived at 8 o'clock Saturday night from Cincinnati on the way down to Memphis. Movements among the towboats were active Sunday. The J. B. Finley passed yesterday going up with 26 pieces from the Mississippi river to Pittsburg.

The Fannie Wallace is coaling the American today and that towboat will leave Wednesday for the upper Tennessee river.

The Mary Michael positively has gone to the Mississippi river after logs this time. Several announce-

ments of the departure of the Mary Michael have not squared with the facts.

The Harth will go to the Caseyville mines of the West Kentucky Coal company tonight after a tow tonight.

The Lizzie Archibald will get in to the river from the ways in a day or two.

The Vincennes arrived yesterday from the Cumberland with a barge of lumber for Joppa.

The Ayer-Lord Tle company sent out one boat, the Margaret, to the Tennessee river Sunday after ties.

Will Be Here Tomorrow Morning.

With Proofs of Wonderful Discovery That is Astonishing Thousands.

Those who know, no longer doubt. Positive proof will convince the incredulous and it is hoped that afflicted people of Paducah will meet the great Root Juice instructor or his assistant at Alvey & List's drug store tomorrow morning, and they will receive the same good the people all in Indiana cities and other points. If the rumors that are circulating are true many of Paducah's citizens will have cause to thank the committee that urged the Root Juice people to come to this city. If Root Juice makes half the great cures here as reported elsewhere, it will be a great blessing to this community. Many will report of wonderful cures Root Juice has made are circulated. A traveling man said: "While in Marion, Ind., I had occasion to go to Bradley's drug store and while there a man came in and purchased six bottles of Root Juice. While it was being wrapped up the man said: 'Every sick person in the neighborhood had used Root Juice and it seemed it had cured them all.' He was the last one in the neighborhood to be convinced. After the man left, the druggist remarked: 'Root Juice is the greatest medicine on earth. People come in here and get a few bottles, and in a few weeks they stop buying it, and when I meet them they say they are cured.' When asked what it cured, he said: 'It seems to cure any trouble of the stomach, liver, kidneys or blood. It is a wonderful thing for indigestion, but it seems equally as good for rheumatism, catarrh, constipation and urinary troubles.' The afflicted can learn at Alvey & List's drug store this and all next week.

"Father," said the boy, "why is it that comic editors are always so sour?" "Because," said the father with a smile, "they are constantly being handed a lemon." Judge.

STRATEGIC

WILL BE POSITION OF PADUCAH ON CHICAGO-MOBILE ROUTE.

Official Announcement of Railroad Extension Made By President of C. & E. I.

What appears to be official announcement of the proposed line from Chicago to Mobile, through Evansville, Jopka, Paducah and Jackson, comes from President Henry I. Miller, of the Evansville & Terre Haute, and Chicago & Eastern Illinois lines. These lines are to be connected by an extension from Evansville, Ind., to Jopka, Ill., where, in all probability, the river will be crossed. The Mobile and Jackson will extend its line from Jackson, Tenn., to Jopka, via Paducah, and from Mobile to New Orleans. The active management of the Mobile, Jackson & Kansas City is under B. F. Koakum, chairman of the Frisco & Rock Island executive committee. This will give the most direct route from Chicago to Mobile for the Rock Island.

Strength in Vegetable Growth.
"Strength is not a thing usually attributed to maidenhair fern," remarked a local florist, "and yet, if the roots has not sufficient room, they will break the strongest flower pots. Blades of grass will force the substances between which they sprang out of place. Indeed, the strength in vegetable growth is wonderful."

"The most striking example is the island of Aldabra, to the northwest of Madagascar. The island is becoming smaller and smaller through the action of the mangroves growing at the foot of the cliffs. The roots break off immense pieces of stone, which fall into the sea. Into the gaps thus formed the waves eat their way. In a few years it is likely that by the combined action of the waters and mangroves the island will disappear."—Philadelphia Record.

M'PHERSON'S DRUG STORE.

THE REASON WHY

We So Strongly Endorse and Recommend Vinol to the People of Paducah.

Our local druggist, Mr. W. B. McPherson, says: "We do not believe there is a man, woman or child in Paducah whom our famous cod liver preparation, Vinol will not benefit at this season of the year."

"We believe there is no need for so many people to drag around run-down, tired out and debilitated, or for old people to remain weak and infirm when we guarantee Vinol will restore health and strength."

Continued Mr. McPherson: "For centuries cod liver oil has been recognized as the grandest of all body-building agents for wasted human strength and vitality, but on account of the nauseating and system-clogging oil which enveloped its curative properties few could take it with benefit."

"In Vinol you get in a concentrated form every one of the curative and strength-creating elements of cod liver oil actually taken from fresh cods' livers, and useless, system-clogging oil eliminated, and tonic iron added."

"Vinol is guaranteed by over five thousand of the leading druggists of the United States to create strength for old people, for the run-down, tired and debilitated, weak, sickly women and children, and after a severe sickness."

"We ask every such person in Paducah to try Vinol. It costs nothing if it fails." W. B. McPherson, Druggist.

NOTE.—While we are sole agents for Vinol in Paducah, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

A MUSICAL THIEF.

Plays the Piano Like a Master and His Pug Loots the House.
Brooklyn ambled out into the limelight yesterday with another novelty in the burglary line. This time it is a virtuoso of the jimmy and skeleton key—a housebreaking Paderewski, says the New York Times.

The musical burglar began to get around to Saturday night but the fact of his existence did not become public until yesterday. The home of John F. Harris, a school principal, at 454 Seventh street, was the first to be honored by a visit from him. Mr. Harris, his family, and their maid were away when he called. He was accompanied by a pug, who, so far as is known, was just a common every day sort of a burglar, with no musical talent.

Now, in the parlor of the Harris home there is a fine piano. Soon after the burglars entered the house the neighbors began to hear the piano. The burglar had raised a front window that he music might be heard better outside. It soon appeared to the listening neighbors that a master of the keys was calling upon the Harris family.

He began with Mendelssohn's "Wedding March," playing it with a technique and expression which were a revelation to Seventh street. Then he swung smoothly into Thomas' "Mignon" overture, bringing out, to the delight of his hearers, all the grace and delicacy of the music. Then, after dashing off Wagner's "Kaiser March," the Josef Hoffman of the dark lantern swung unflinchingly into the popular music of "Il Trovatore." Several girls, who were sitting on a stoop across the way, were so delighted with the music that they clapped their hands in applause.

While the burglar Paderewski was giving his classical program at the piano, to the great entertainment of the neighborhood his pug was busy ransacking every drawer and closet in the house. When he appeared in the parlor with his loot of jewelry and money in his pockets, the musical member of the combination wound up his performance with "Good Night, Beloved, Good Night," and the two walked out.

As the burglars were departing they encountered the maid employed by the family coming in. She screamed, and they dashed down the street, disappearing around the corner. When Mr. Harris and his wife returned they found that the two had stolen jewelry and money amounting to \$250.

Daily Thought.

Choice and service—these are de-
manded of you—these only; in
these are the whole of life.— Mark
Hopkins.

THE LOGIC OF IT.

For a compound or pure idiosyncrasy
and unadulterated hypocrisy, mixed
in just the right proportions to dis-
close the mental condition of its au-
thor, a diatribe in a mussy little
sheet published yesterday morning
in Paducah "suits us fine."

Think of a paper speaking of candi-
dates falling into the "hands" of
political hyenas, and then in refer-
ence to The Sun's demand for good
Republican candidates, indulging in
the following:

Having control of both parties
they can nominate almost any
one whom they please, and then
with their newspaper organs
pretend to be for their respective
tickets and keep as many of the
rank and file in line as possible
and then on the eve of the elec-
tion with a wad of money con-
trol and vote the purchasable
vote either way that it may be
to their interest to vote them.

Now, we ask, how can a newspaper
pretend to be for a candidate with-
out editorially and in the news col-
umns supporting him? If The Sun
in every way it is possible for a news-
paper to support a candidate, does
so, how can that paper honestly be
associated with any "gang" that
does not support him?

As if to discredit his own reason-
ing, the mussy little editor of the
"mussy little sheet" continues:

Last year the rank and file of
the Republicans forced the party
to nominate a good, clean and
chippable man for city judge, and
the Sun gang voted for the
Democratic candidate, so it is
openly charged. Hundreds of
good Democrats voted for Mr.
Bagby, yet he was defeated.

Pray, look over the files of The
Sun and then classify us with the
"rank and file," for we not only sup-
ported Judge Bagby in the race, but
we supported Judge Puryear for the
Democratic nomination, while the
fussy little editor of the "mussy lit-
tle sheet," well knowing the char-
acter of the backing of the present
incumbent on the bench, said not a
word either before or after the
Democratic primary. If, as he says,
"Hundreds of good Democrats voted
for Mr. Bagby," they were induced to
do so by the vigorous support of The
Sun; for, we declare, no other paper
in Paducah supported him!

The optimistic conclusion of this
classic is as follows:

Let our readers ponder over
the facts we lay before them and
see if we are not dealing straight
goods, and then let every hon-
est citizen say how long he ex-

pects to be used by that gang to
vote for good men whom they
put up for the especial purpose
of defeating.

It is inevitable from the foregoing,
that, if the Republicans put up a
good ticket, The Sun will pretend to
support it; ie: The Sun will write
editorials lambasting the Demo-
cratic candidates and their backers, ex-
posing the corruption behind them
and endorsing the candidacy of the
Republicans in its editorial and news
columns. That is the only way The
Sun can pretend to support them.

Then those, who are opposed to good
men for public office (Republicans
as well as Democrats)—The Sun has
always said this will oppose them
and "with a wad of money control
sad vote the purchasable vote."

A logical pursuit of the idea
flushed in this final paragraph might
have evolved a sane conclusion even
from such a silly beginning. If
the fussy little fellow had just wound
up by saying to the Democrats: "If
the Republicans put out good men,
we shall support them heartily and
you should vote for them, as that is
the only way in which the good men
of the city can overwhelm at the
polls the leagued powers of evil,
which are non-partisan in every
city."

But we are ready to "make a
book" that the sheet will not sup-
port the Republican ticket, if the
best men in Paducah are nominated.

If Col. Joseph E. Potter can point
to a single syllable in our editorial,
analyzing his vote, aspersing the
men who voted for him, directly or
by innuendo or inference, we will
humbly ourselves. Speaking of the
men, who supported him on account
of his position with reference to the
cow ordinance, we said they are
"sincere citizens" and have a real
grievance. As to the others, we said
they voted for him as a protest
against machine rule, liking his
stand "for the enforcement of the
law." Col. Potter's grievance is
personal, because we failed to take
his platform seriously, and he would
like to make it appear that The Sun
was insulting the men who voted for
him. No, no, Colonel Potter, The
Sun has nothing but the highest re-
gard for the men who voted for you,
and the most sincere appreciation of
the reasons why they voted for you.
We only regret that the Democratic
primary did not offer them what they
desired. We anticipate more satis-
factory conditions attending the Re-
publican convention.

Here's a tip for our board of pub-
lic works from the Owensboro In-
quirer:

Owensboro is one of the
cleanest and best kept cities in
the whole country. Through its
efficient scavenger department,
its streets and alleys are kept
unusually clean. Through its
sprinkling department, the dust
is overcome to an extent that
makes Owensboro homes the
freest possible from this disease
dealing evil. Newspaper accounts
show that many cities of this
country are cleaned up only once
a year. Not so with Owensboro.
It is cleaned up daily in the busi-
ness section and once every
week in the residence section.
If our alleys are cleaned once in
a year, we should like to be in-
formed in what year.

REVIVAL STARTS.

The Rev. L. L. Pickett, of Louisville,
At Third Street.

A revival was begun yesterday at
the Third Street Methodist church by
the pastor, the Rev. Peter Fields.
There was a splendid attendance at
the morning service and deep inter-
est was evinced; at the evening ser-
vice there was one conversion. Dr.
Fields preached both morning and
evening, strong evangelistic sermons.
He will be assisted in the meeting by
the Rev. L. L. Pickett, of Louisville,
an evangelist of note. Mr. Pickett
will arrive this evening and will
preach tonight. Services will be held
each day at 2:30 and 7:30 p. m.

Wallace Park.

Tonight the regular summer
season will commence at Wallace Park
Casino by a good scenic production of
"Fra Diavolo" by the "Beggar Prince
Opera company." "Fra Diavolo" is a
three-act romantic opera with tuneful
music and an interesting plot that
holds you spell bound from the first
entrance of the brutal chieftain
until his death beneath the black
rocks. The company number
twenty people and will be
ably assisted by an or-
chestra of eight members. The fa-
mous sextette from "Lucia" at the
finale of the second act is well worth
the small admittance fee charged.
"Diavolo" will be given again Tues-
day night.

CHEAP CAR SERVICE

BIG IMPROVEMENT ON N. C. &
ST. L. LINE.

Tracks To Mechanicsburg Will Be
Built When Memphis Work Is
Done—Shop Notes.

The Nashville Chattanooga and
St. Louis Railroad company is to
greatly improve its passenger ser-
vice between here and Memphis at
an early date. Instructions have been
authorized for the installation of a
Pullman chair car service on trains.
Nos. 103 and 104, and the cars will
be put on soon. No. 104 is the train
leaving here at 7:45 a. m. for Mem-
phis and 103 is the train arriving at
8:30 p. m. from Memphis. These
trains connect at Hollow Rock with
trains for Nashville and Hickman
and intermediate points. The instal-
lation of this service will necessitate
heavier engines. It is thought, for
these two trains and trainmen look
for an order soon directing that they
be put on.

Mechanicsburg Track.

Orders have been received to pro-
ceed with the work of extending the
Nashville, Chattanooga and St. Louis
switch to Mechanicsburg, over the
route recently purchased from the
McKinnis Veneer and Package com-
pany, but the work probably will not
be done until some double track
work now under construction at
Memphis is completed. The exten-
sion to Mechanicsburg gives the
Nashville, Chattanooga and St. Louis
a line to the glass factory and the
Mechanicsburg factories.

Shop Notes.

On account of confusion among
the shop men, officials of the Illinois
Central have posted bulletins in all
departments of the Paducah shops
showing the working day. Employees
in the car department work 10 hours,
locomotive department, nine hours
and round house running repairs 10
hours the day. It is expected that
the machine department will be in-
creased to 10 hours per day this
month.

flagman who was injured five weeks
ago while running to catch his train

SPRING FEVER DAYS.

How To Avoid the Lazy Feelings
That Come With Mild, Warm
Weather.

Spring fever days are here. They
come with the advent of warm weath-
er, and stay until frost—with some
people.

Spring fever is not confined to
this vicinity only. Every locality has
it, to a degree.

Appreciated right, it is a Godsend,
as it reminds you that you should
put your body in good condition for
summer, the hardest season of the
year. The liver, the stomach, the
bowels and the kidneys, the skin and
blood, every organ and function
needs attention, just as a locomotive
does at the end of a run of a hun-
dred miles, and the people who ap-
preciate this fact are our healthiest
people.

Osteopathy is the one natural
treatment in all conditions of stom-
ach, liver, bowel, kidney, skin and
blood disorders. Without the use of
any medicines, with proper diet, with
the dry hot air treatment, where in-
dicated, the osteopathic treatment is
an assured and permanent cure.

I should like to talk to you at any
time about the treatment for your-
self, or any member of your family,
and the best testimonials I can offer
you of the treatment are the com-
mendations of Paducah people whom
you know well, who have taken the
treatment.

Especially is Osteopathy a ration-
al treatment of ailments peculiar to
children.

Phone me at 1407, or call at my
office, upstairs, 616 Broadway, and
I shall be pleased to advise with
you.

NEWS OF KENTUCKY

Desperate Duel Ends in Death.

Lexington, Ky., May 6.— Sheriff
Herbert White and William Barrett,
both of Corbin, Ky., are dying as the
result of a pistol duel this afternoon.
White lives within 50 yards of Bar-
rett, and heard a woman's scream
from Barrett's house. Rushing to the
rescue he was met by Barrett, who
defied arrest.

In the battle that followed White
was shot in the lungs, and his right
leg was shot at the knee.

Barrett was shot four times in the
body and is dying.

Murder in Other State.

Middlesboro, Ky., May 6.— One of
the most important questions that
has ever come before the Bell cir-
cuit court was passed upon by Judge
M. J. Moss this evening, the result of
which was the bringing to a sudden
close of the case of the common-
wealth of Kentucky against Charles
Ball and Patton Ball charged with
the murder of Meade Cottrell.

The defense made a motion that
the jury be discharged and the case
dismissed because the killing had
not been completed in Kentucky. It
was proved by the first witness in-
troduced that Cottrell was shot in
Kentucky, but died at his home at
Cumberland Gap, Tenn., the same

day; thus, it was contended, that the
charge of murder could not be pro-
secuted against the defendants.

C. I. Dawson, of this city, for the
defense made an exhaustive argu-
ment, after which Judge Moss sus-
tained the motion and the Balls
were set free. This question has never
before been brought before a
Kentucky court, so far as known,
and Judge Moss' decision is regarded
as an important one. The technically
on which the Balls were released is
very similar to the one on which
James Gillespie, of Rising Sun, Ind.,
recently was liberated, after having
been convicted of the murder of his
sisters. The decision means that no
charge except that of shooting and
wounding could have been prosecuted
to a conviction against the
Balls, having been put on trial for
murder, and no other charge could
be placed against them after the jury
was sworn in this case.

Vice President Lindsey, of Suther-

of Country.

Mr. H. R. Lindsey, vice president
and general manager of the Suther-
land Medicine company, is home from
a trip to Mexico in the interest of
the company. He spent most of his
time at Monterey, where the company
has a branch, but visited Mexico City
and other cities in Mexico. Mrs.
Lindsey and children accompanied
him. "Mexico is a great country, a
virgin field for the energetic Ameri-
can," said Mr. Lindsey today, "and
every train brings in several of the
specie, too. We are having splendid
business with our products, and
soon we hope to have Pine Tar honey
as well known and as staple in Mex-
ico as it is here. The cities in Mex-
ico are quaint, as are all of the cus-
toms, and the trip down there is de-
lightful, but we are glad to get back
to this country, to Paducah."

CHICAGO WANTS NEW CHARTER.

Present One Was Meant for Much Smaller City.

Chicago, May 6.—Meetings of prominent business men are scheduled during the coming week to increase interest in, and to make a more aggressive fight for the new charter for the city of Chicago which is now awaiting action by the legislature at Springfield. For many years Chicago has been greatly hampered in its business affairs by its charter limitations, and has frequently been unable legally to borrow money when it was sorely needed by the city and when banks stood ready to make the loans.

An Ounce of Prevention—

The graveyards are full of people who were "never sick in their lives" until the fatal illness came; who didn't believe the machinery of their bodies needed any attention other than Nature's. They forgot that to rely on Nature one must live up to Nature's laws—and we don't live that way. That's why Nature needs assistance. That's why a TONIC is much more important than a physic. That's why VITAL VIM should be on your table—the best Tonic.

VITAL VIM Will Not Cure All Ailments. But It Will Prevent Them.

VITAL VIM is a good name for a Tonic. It sounds like a Tonic. And VITAL VIM is a Tonic of a superior sort. It is new and has none of the prestige of old and tried remedies; but the merit is there and its reputation will grow with each bottle used.

Try it yourself. Buy a bottle from your Druggist. We are spending considerable money to get your trade—to induce you to buy the first bottle. Our whole endeavor is centered on selling this first bottle. Your future patronage will come unsolicited. VITAL VIM makes friends easily.

VITAL VIM is not a remedy for the desperately ill, nor for incurable diseases. It is a tonic only, but it is the best tonic. Pleasant to the taste; immediate in its effect. Invigorating and Exhilarating.

If your nerves are run down or unsteady; if your brain tires easily; if your blood is sluggish; if your appetite is poor, your digestion impaired or your vitality not up to the standard, VITAL VIM is for you. Its reconstructive powers are immense and its use a blessing.

VITAL VIM is a vegetable preparation, designed to assist Nature in keeping the system up to a normal, healthy condition. It is not a physic or a cure-all; just a tonic—and a better tonic than you ever used.

Brace up your system before it needs anything more serious than a tonic. Take VITAL VIM now. You won't need a doctor later. The price is fifty cents and you can get it of

CHIEF INDICTED

THREE CHARGES AGAINST HEAD OF CHICAGO POLICE.

Former Mayor Dunne's Political Advisers and Lieutenant Investigated.

Chicago, Ill., May 6.—A series of indictments involving six persons, four of whom were identified prominently with the Dunne administration and campaign for re-election, was returned by the grand jury at the close of its investigation into police department methods in force during the recent fruitless campaign for Dunne's re-election.

Former Chief of Police John M. Collins is charged with mutilating public records of the city by having leaves containing political orders cut out of special-order books, with conspiring to cheat and defraud the city by removing policemen from their posts of duty to do work for the Democratic organization, and with conspiring to violate the civil service law.

The penalty for mutilation of public records is a term of from one to five years in the penitentiary. The indictments charging conspiracy were returned under a law which provides a penalty of from one to five years in the penitentiary, or a fine of \$2,000, or both.

Five Others Are Indicted. The other persons named in the indictments are:

Frank D. Comerford, former police attorney and special adviser to Collins; indicted for conspiring with Collins to cheat the city by taking police from their posts of duty to do political work.

E. H. Roche, former city purchasing agent, Mr. Dunne's personal friend and manager during the last campaign; indicted for conspiring to violate the civil service law.

William L. O'Connell, former commissioner of public works, and chairman of the Democratic county committee; indicted for conspiring with others to violate the civil service law.

James McGrath and Patrick J. McNulty, patrolmen assigned to detective duty in South Chicago; indicted for conspiring to receive bribes from saloonkeepers in their district.

STOLE BOY.

And Then Stole Coat and Stole Out of Paducah.

Two blind colored men claiming Mayfield as their home were arrested Saturday night for stealing John Griffin's coat. Griffin operates a restaurant on Ninth and Washington streets and a small boy who had been plotting them about, told him of the theft. The boy was unmercifully beaten when they learned he had "tipped" off the theft. Police gave them hours to leave the city, and they made haste to take advantage of the leniency. The boy will be returned to his home in Memphis, where he said he was stolen several weeks ago, and made to escort them about.

SEVEN HUNDRED CHINESE REBELS ARE DECAPITATED.

Berlin, May 6.—The Cologne Volks Zeitung publishes a letter from a correspondent in northern central China stating that the famine continues unabated. The rebellion in Chanchifu was suppressed after 700 had been decapitated. The correspondent says that "human heads were hanging from the trees around the courts of justice as thick as apples in autumn."

Understanding Said To Have Been Reached Between Governor Deneen and Washington.

Washington, D. C., May 6.—As a result of the conferences which occurred here today between the president and Secretary Taft on the one hand, and Governor Deneen on the other, the way has been paved for an understanding at the proper time which will insure the support of the Deneen following for Taft at the Republican national convention. It also may have some effect upon the personal fortunes of the governor through a return of support on the part of the administration. Governor Deneen held a private conference with Secretary Taft this morning after the latter had agreed to comply with the request of President R. R. McCormick of the sanitary district to file a bill of injunction in the circuit court at Chicago against the Calumet feature of the drainage canal.

WORLD'S SUNDAY SCHOOL DAY.

Call Made to All Sunday School Workers Throughout the World.

The following call has been sent out by the Sunday School convention committee:

The executive committee of the World's Fifth Sunday School convention, American section, invites Sunday school workers in all lands to unite in observing Sunday, May 19, 1907, as World's Sunday school day by engaging in private and public prayer as occasion may offer for Sunday schools throughout the world, and especially for the World's Fifth Sunday School convention which will then be in session in the city of Rome. Ministers are asked to preach a special sermon, placing fresh emphasis upon the Sunday school as a most promising field for evangelization and character building. A universal compliance with this suggestion will make this the greatest day in the history of the Sunday school. Not all may go to Rome, but each one may have a share in promoting the cause which the convention represents.

ALLEGED DEMENTED MAN

Found in Italy by Policemen and Taken in Charge.

Standing in a pouring rain for more than three hours at First street and Kentucky avenue on the site of the burned Michael collar factory, William Crockett, known also as Billy Van Duse, was found by Patrolmen Johnson and Cross yesterday afternoon shortly after 4 o'clock and placed in jail pending an examination into his mental condition. It is said Crockett is crazy on the subject of religion. The patrolmen saw Crockett standing on a brick pile before it began raining, but thought nothing of it. Later, when at Second street and Broadway they were notified that some man was stiff and dead in a vacant lot. They found Crockett stiff but not dead.

Picking him up on their shoulders they took him to shelter and later to jail. He has been in the asylum.

TEMPORAL POWER TO BE RESTORED

This is Said to be Part of Ambitious Plan

To Purchase Strip Through Italy to Give Vatican Its Own Outlet to the Sea.

SOVING SEVERAL QUESTIONS.

New York, May 6.—There is a far bigger news story than appears on the surface back of the short cablegram received from Rome last week in which it was set forth that R. C. Kerens, of St. Louis, and Martin Maloney, the well known easterner, were arranging for the purchase of a narrow strip of land extending from the Vatican to the sea coast, in order to give the pope a villa on the seashore.

Back of this statement is a scheme to restore the temporal power of the pope in a way that the Quirinal may acquiesce in, solve the entire Vatican problem and give to the pontifex maximus a seat again among the ruling monarchs of the world, with a little kingdom of his own, and, as the idea necessarily provides full recognition on the part of the Italian government, ambassadors and ministers from every representative country in consequence.

Incidentally, and as a sort of footnote, there is interwoven in this plan for the enhancement of the Catholic church in the United States and the addition of at least three American prelates to the list of members of the sacred college of cardinals. It is one of the biggest schemes that is under way in the world today, and the publication of the surface of the plans seems to give warrant among those who are familiar with them to tell substantially the whole story.

Original Suggestion by Glemon. Credit has been given Mr. Kerens for the conception of this great idea, the solution of the Vatican-Quirinal question, but it is said that the original suggestion came from Archbishop Glemon, of St. Louis, whom a well known English ecclesiastic attached to the Vatican diplomatic service asserted in confidence, shortly after the pope made his declaration

since the last allocation, was the one his holiness had in mind when he said: "The United States will soon be given an additional cardinal, one whose name will be a complete surprise." Whether Archbishop Glemon suggested it or not, whether Kerens and Maloney are the leading spirits in the movement and American money exclusively will be used to finance the deal, so that all the credit, if it is consummated, will accrue to American Catholics.

Those who enjoy Mr. Kerens' confidence in this city say that the plan has been in process of formation for several years and that the initial amount of \$10,000,000 necessary to put it into execution has already been assured. The scheme will require two or three times this amount to put it into full effect.

Plan to Reach the Sea. The Vatican gardens are in the Trans-Tiber district of Rome and at the rear end are about 1,200 feet long. It is proposed in the Kerens-Maloney plan to purchase a strip within the comparatively congested district of Rome of exactly this width, 1,200 feet, but extending it, as soon as the open country is reached, to a width varying from a quarter to three-fifths of a mile. Here it was understood that this strip was then to extend in a slightly north-westerly direction for about six miles and then run directly west to the sea coast, making its total length about thirty-five miles and the shape roughly that of a crooked arm. The cables state that the strip is to be extended to the old town of Civita Vecchia on the coast, and that its length will be sixty-five miles. The original idea has, therefore, in all probability been modified in the Vatican to place the part of entry to the new kingdom of the pope farther away from Rome.

It was believed by the Kerens-Maloney party that it would not be difficult to secure from the Italian government a recognition of the pope's temporal power within the limited domain secured by purchase, as it would affect the king's rule over Rome and would make foreign territory of less than ten to twelve square miles of Italian soil.

Solving the Vatican Question. Thus the whole Vatican question would be solved with honor to both sides and with very little in the nature of a material concession on the part of the Italian government. The pope would have his own seaport, at which visiting monarchs could land to pay their respects to him and later re-embark at the same seaport for

BIG CLASS

GRADUATES FROM NOBLESVILLE, IND., HIGH SCHOOL.

Professor Carnegie Congratulated By Papers of That City On Work Of the Year.

The Noblesville High school commencement will be held at the opera house on Thursday evening, May 16. The baccalaureate address will be given by Rev. G. L. McIntosh, president of Wabash college, at 2 p. m. Sunday, May 12. The commencement address will be delivered by Professor L. J. Rettger, of the State Normal school.

There are 34 members in the class, 18 boys and 16 girls. This is a creditable showing for our schools and Prof. Carnegie certainly has a right to be proud of the year's work. There has been the least jarring in our high school this year that we have ever had since we had a high school. The public has heard of no class scraps nor strikes, book hidings, color and banner fights and we congratulate the faculty and the school board for the successful year's work.—Noblesville (Ind.) TIES UP FRISCO CARS.

1,500 Motormen and Conductors Quit Work in Effort To Get Increase.

San Francisco, May 6.—Some 1,500 motormen and conductors struck today, tying up the street car system. In lieu of cars all sorts of vehicles from automobiles to express wagons were used. The motormen and conductors voted to strike after having failed to obtain an eight hour day and a flat wage scale of \$3 a day.

The strikers were reinforced by the stationary firemen who demanded recognition of the union, and \$3.25 a day. It is probable that other allied unions will come to the support of the platform men. There was no disorder today as no attempts were made by the railroad officials to take cars from the barns.

The First Air Brake Trial.

The air brake was ushered into actual use in most dramatic fashion. The trial trip occurred in April, 1869. The train selected was the Steubenville accommodation, running between Pittsburgh and Steubenville. When the train was going at full speed, suddenly, as he came around a sharp curve, the engineer saw a stalled wagon in the middle of the track dead ahead. With hand brakes only, nothing could have prevented a terrible smash-up. The formal time for the trial of the air brake was there, and, in desperation, not believing for a moment that the thing could possibly avail, the engineer threw on the air. But it did avail. The observers in the rear were almost catapulted out of their seats by the shock of the sudden stop. But when they saw the engine fairly poking its nose into the wagon bed, so narrow had been the margin between safety and disaster, they forgot all about their shock, and stood in awed silence. The air brake had come into its own. —Everybody's Magazine.

Park Sense.

It has come to be recognized as a fact that public parks are among the wisest investments a city can make. A city grows not of itself, but chiefly from the population it attracts by its advantages. Its business aspects and opportunities, these count; heads of families are attracted by its schools, perhaps; and parks and pavements and street lighting all help. Parks make a strong appeal when a change of residence is contemplated. They promote health and comfort, besides having the entertainment that the senses value. They increase the value of property in a city. Thus they pay. And you have never heard of a city that was willing to lose its parks once they had been secured. Have you?—Utica Observer.

The Stranger Won.

Like other men of prominence, Lord Kitchener often comes across the irrepressible party who always affects to be on terms of intimacy with notable personages. Always courteous, with all his sternness, the general has profound dislike for this sort of nuisance.

While out walking he was accosted by an effusive stranger, who grasped his hand and said:

"Hallo, Lord Kitchener! I'll bet you don't know me!"

The general gazed at him unmoved. "You win!" he remarked, laconically, and walked on.—Detroit Free Press.

Yerkes Made Good Record by Securing Kentucky Appointments

Washington, May 6.—In severing his connection with the office of commissioner of internal revenue, John W. Yerkes leaves behind him an official record that is indeed to be envied. The total amount collected by the internal revenue bureau during the six years and four months he held the office was \$1,602,225,451.27.

He appointed, since he has been at the head of the bureau, twenty Kentuckians to office in the bureau.

This record for taking care of his own state is exceptional. The Kentuckians appointed and the salaries paid them when they entered the service are as follows:

Harry Giovannelli, Danville, \$1,800; Hugh Hollis, Louisville, \$1,400; Joseph N. Shawhan, Lexington, \$1,000; Willard F. West, Lancaster, \$1,000; Jackson Morris, Annette, \$900; George Baher, Louisville, \$900; Thomas J. Ryland, Russellville, \$900; Albert L. Clothier, Somerset, \$900; Thomas F. Mrs. Mary J. Hogsett, Danville, \$1,000; J. C. V. Todd, Frankfort, \$660; Miss Rose Browning, \$900.

Of these Mr. Giovannelli is now getting \$2,500, Mr. Hollis, \$1,800; Mr. Shawhan, \$1,600; Mr. West, \$1,400; Mr. Morris, \$1,400; Mr. Baher, \$1,200; Mr. Ryland, \$1,200; Mr. Clothier, \$1,200; Mr. Langley, \$1,000; Miss Browning, \$900; Mr. Crutchfield, \$900; Miss Todd, \$900; Mr. Cox, transferred; Mr. Degges, \$720; Mr. Foley, \$720; Mr. Parks, resigned; Mr. Forst, \$1,200; Mrs. Hogsett, \$1,000; Mr. Todd, \$720.

Motly—When you spoke to father did you tell him you had \$500 in the bank? George—Yes, Melly—And what did he say? George—He borrowed it.—Sketchy Bits.
